**Subject:** Redistricting Clark County

Please. . . take into consideration the value of Clark County to the State of Arkansas before re-districting. Clark County residents would benefit MORE by being represented by ONE State Representative and ONE State Senator. Please take this request into consideration before final decisions are made. Thank you in advance.

Your Comments to the Board of Apportionment

<br>After looking at the maps for the House redistricting, I can't be more disappointed. Our address, 7010 Peters Road, is now in Jacksonville city limits yet my House district is not Jacksonville. It extends all the way to Conway. The Governor and AG both have us set that way. We have nothing to do with Conway!! Our community is Jacksonville. Tell me who I can contact to possibly fix this problem. What can I do? I feel, once again, our area is being ignored and abandoned.<br><br>Val Yagos<br><br>

Your Comments to the Board of Apportionment

The Governor and Attorney General's maps have Maumelle divided into mainly two Senate districts, but a very small portion of the City is in a third Senate district. The Secretary of State's map has Maumelle mostly intact and in one Senate District, except it omits the same area of Maumelle as the present House District 41 (Diamond Point and Meadow Ridge) . The proposed Senate maps that divide Maumelle will have a tremendous negative effect on our representation. Instead of Maumelle making up approximately 1/4 of a Senate district population it would only be 1/8 of the population in two districts; diminishing our influence with our Senators. All of the House maps have the majority of Maumelle in one district and a small portion in another (Precinct 1). This is a carry-over of the 2001 redistricting when our representative lived in that particular precinct which is not the case anymore.<br><br>The redistricting criteria approved by courts states the following: " The Courts have held that, where possible, it is preferable to minimize splitting political subdivisions such as counties, cities and voting precincts. In other words, where it is possible, it is better to keep whole counties, cities and voting precincts intact." It also states "Preservation of communities of interests describes the goal of maintaining a group of people in a specific geographic area where those individuals share common interests, i.e., common economic, social, cultural, ethnic, religious or even political interests". I do not think the last criteria mentioned above has been considered if Maumelle is placed in a district with Conway County, Perry County and or Van Buren County.<br>

Your Comments to the Board of Apportionment

I live in Cabot and am a land owner in Carlisle. Please reconsider the proposed redistricting area for Lonoke County. Eddie Joe Williams, district 28 has made tremendous enrows in developing relationships throughout the entire Lonoke County. Lonoke County is one of the more diverse counties in the state. Senator Williams has shown and proven to all that he can serve all factions of the county(from Stuttgart to England to Carlisle to Lonoke to Cabot. It takes someone of his personality, experience and maturity to grasp the many different interest of our County(agriculture, aquaculture, manufacturing, small business, wildlife habitat, etc.) District 28 is not broke and does not need fixing. Please do not divide Lonoke county in such a way that would cause representation to be so convoluted. Thank you for your consideration.

*Dear Board,*

I want to participate in the conversation regarding redistricting, particularly the possibility of a Hispanic district in NWA.

After have attended a public meeting at the Roger's Public Library in Rogers, AR, I have concluded the following:

☒ I fully support the creation of a Hispanic District in NWA based on the Majority/Minority standards.

☐ I do not support the creation of a Hispanic District in NWA.

☐ I support a different view:

I feel it is important to have a majority/Minority district to reflect the state's demographics.

I appreciate your attention and acceptance of my opinion.

Sincerely,

Name:

Margarita Solorzano

Your Comments to the Board of Apportionment

I am very concerned about the proposed redistricting of Jefferson County. We are a struggling County and I feel that we will lose our fair representation if some of these options are approved. Many of the preliminary maps include parts of Jefferson County in Senate Districts with other cities and geographic areas that do not share our concerns. I have a small business in Jefferson County and personally know several farmers in the area that are quite concerned - Small business and farming is quite crucial to our economy. We feel it would be in our best interest if the City of Pine Bluff comprises the majority vote in at least one newly drawn Senate district, and regarding the rest of Jefferson County we feel the county would be best served by inclusion in only one other newly drawn Senate district. This would maintain continuity of representation with geographically neighboring cities. We fear that we would not have fair representation within a district that stretches south to the Louisiana border. There is a more compact proposal that puts the remainder of Jefferson County with Grant, Dallas, Cleveland and portions of Saline and Lincoln counties. This or something similar appears to be a more realistic option for our geographic area. Thank you for your consideration.

Your Comments to the Board of Apportionment

Please do Not divide Clark County!

July 19, 2011

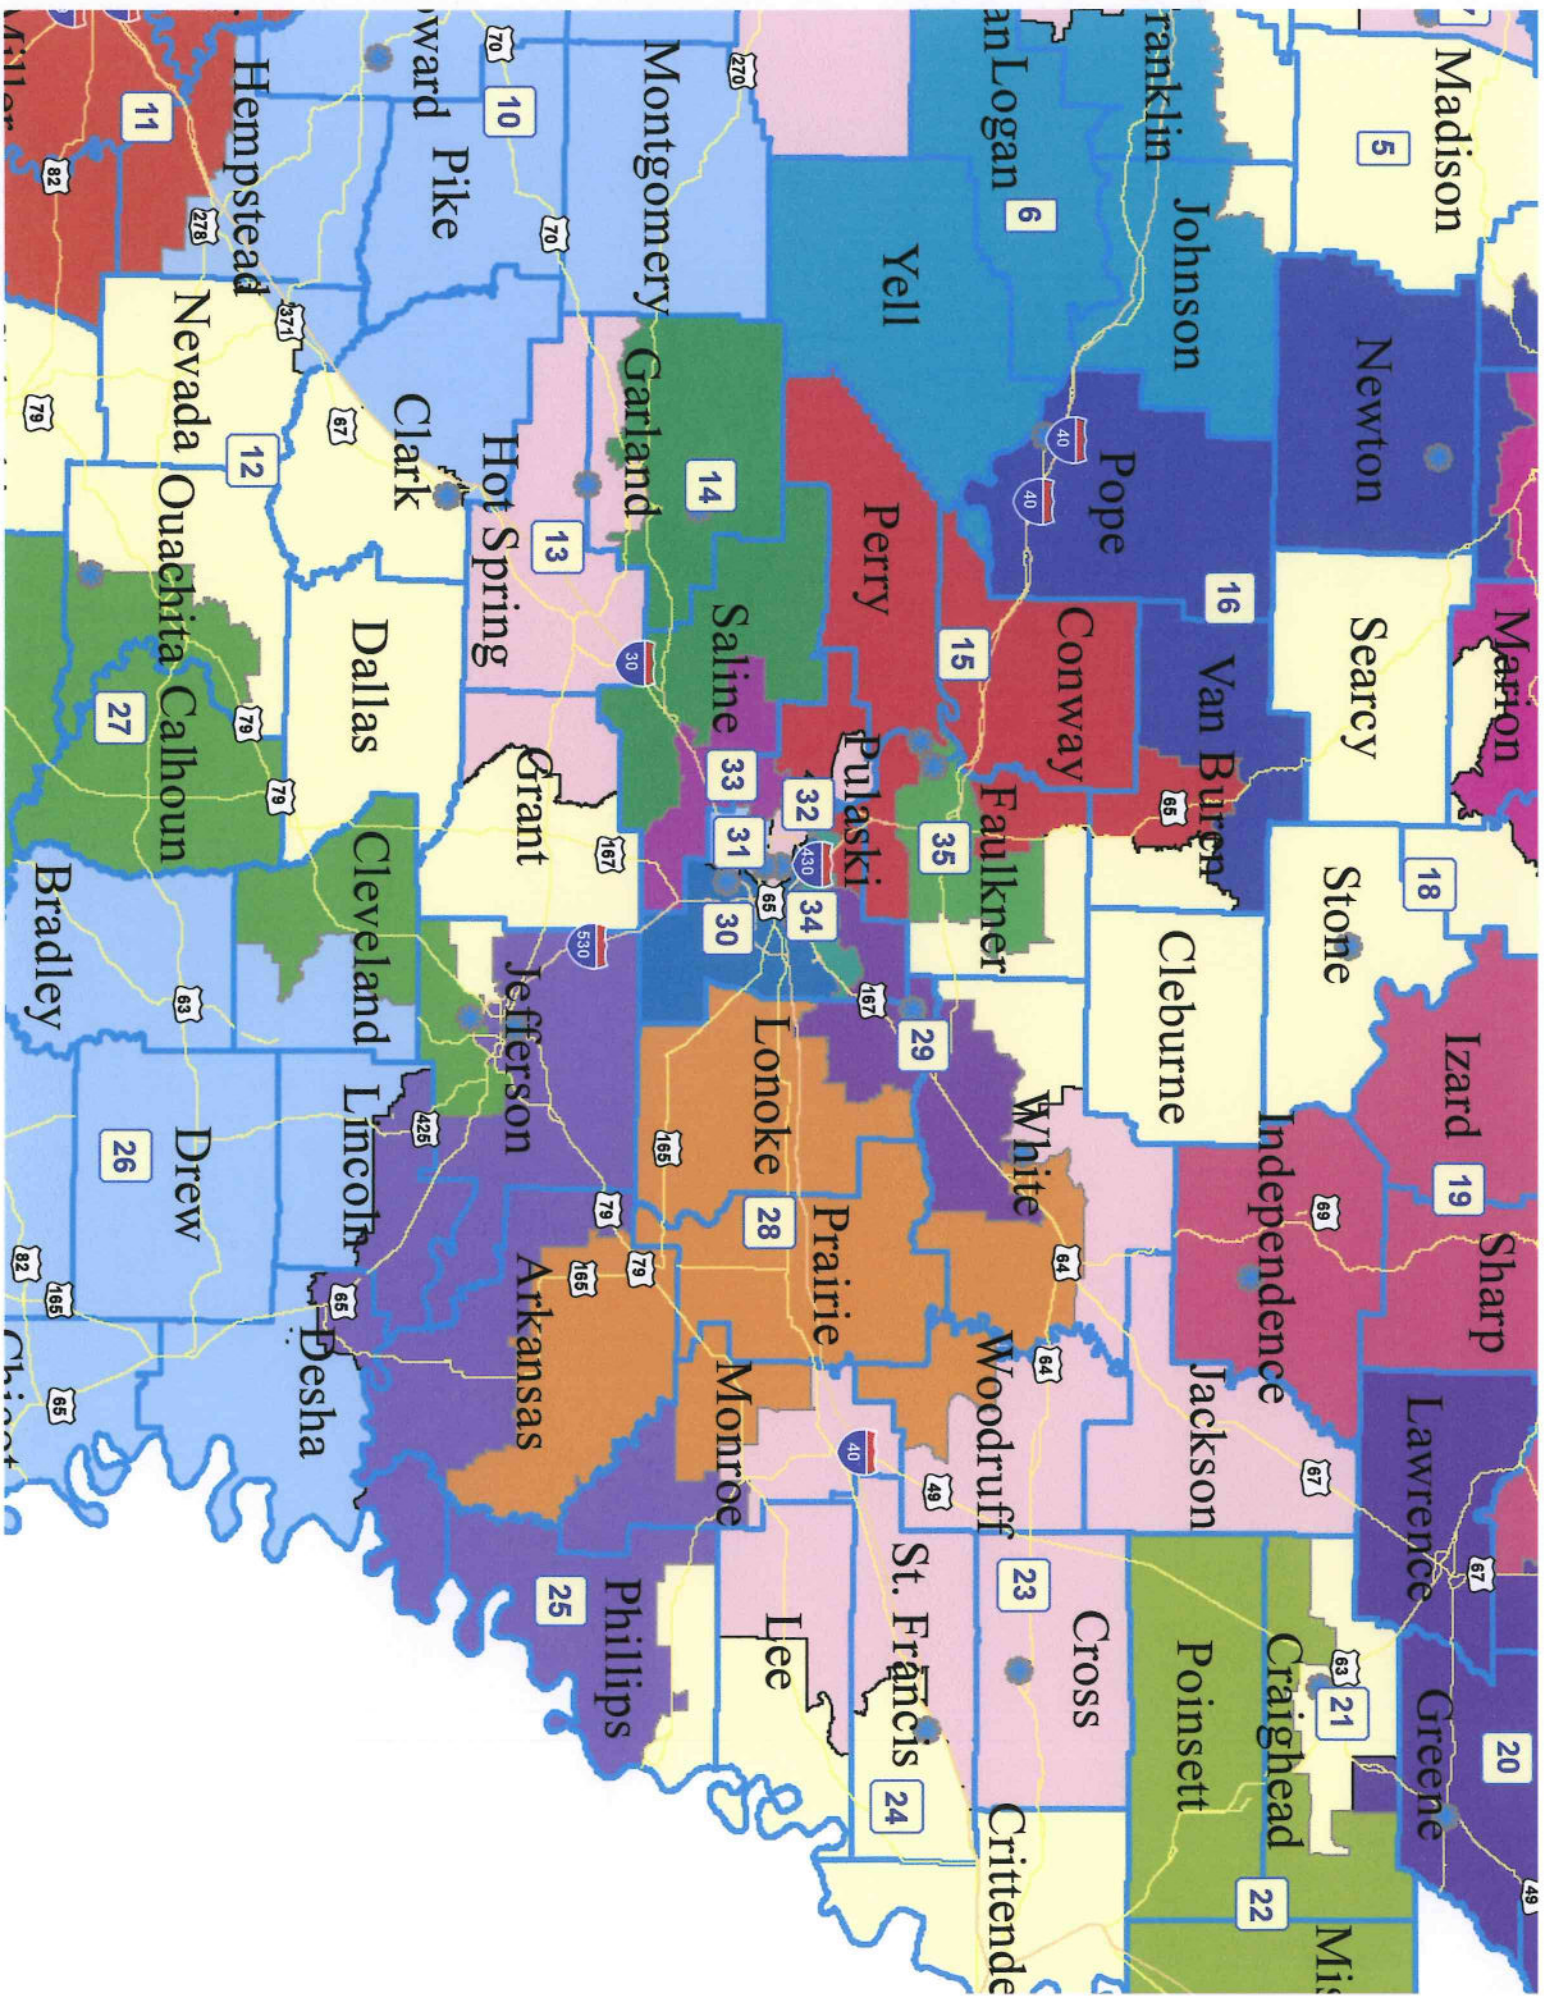

Dear Governor Beebe,

I support your redistricting plan for Senate District 28. I think it is a great plan to maintain geographical common interests. Your map reflects the changing makeup of communities in Arkansas. Our population has shifted and your map encompasses these changes very well.

Sincerely,

A handwritten signature in cursive script, reading "Ray Licki". The signature is written in dark ink and is positioned below the word "Sincerely,".

July 20, 2011

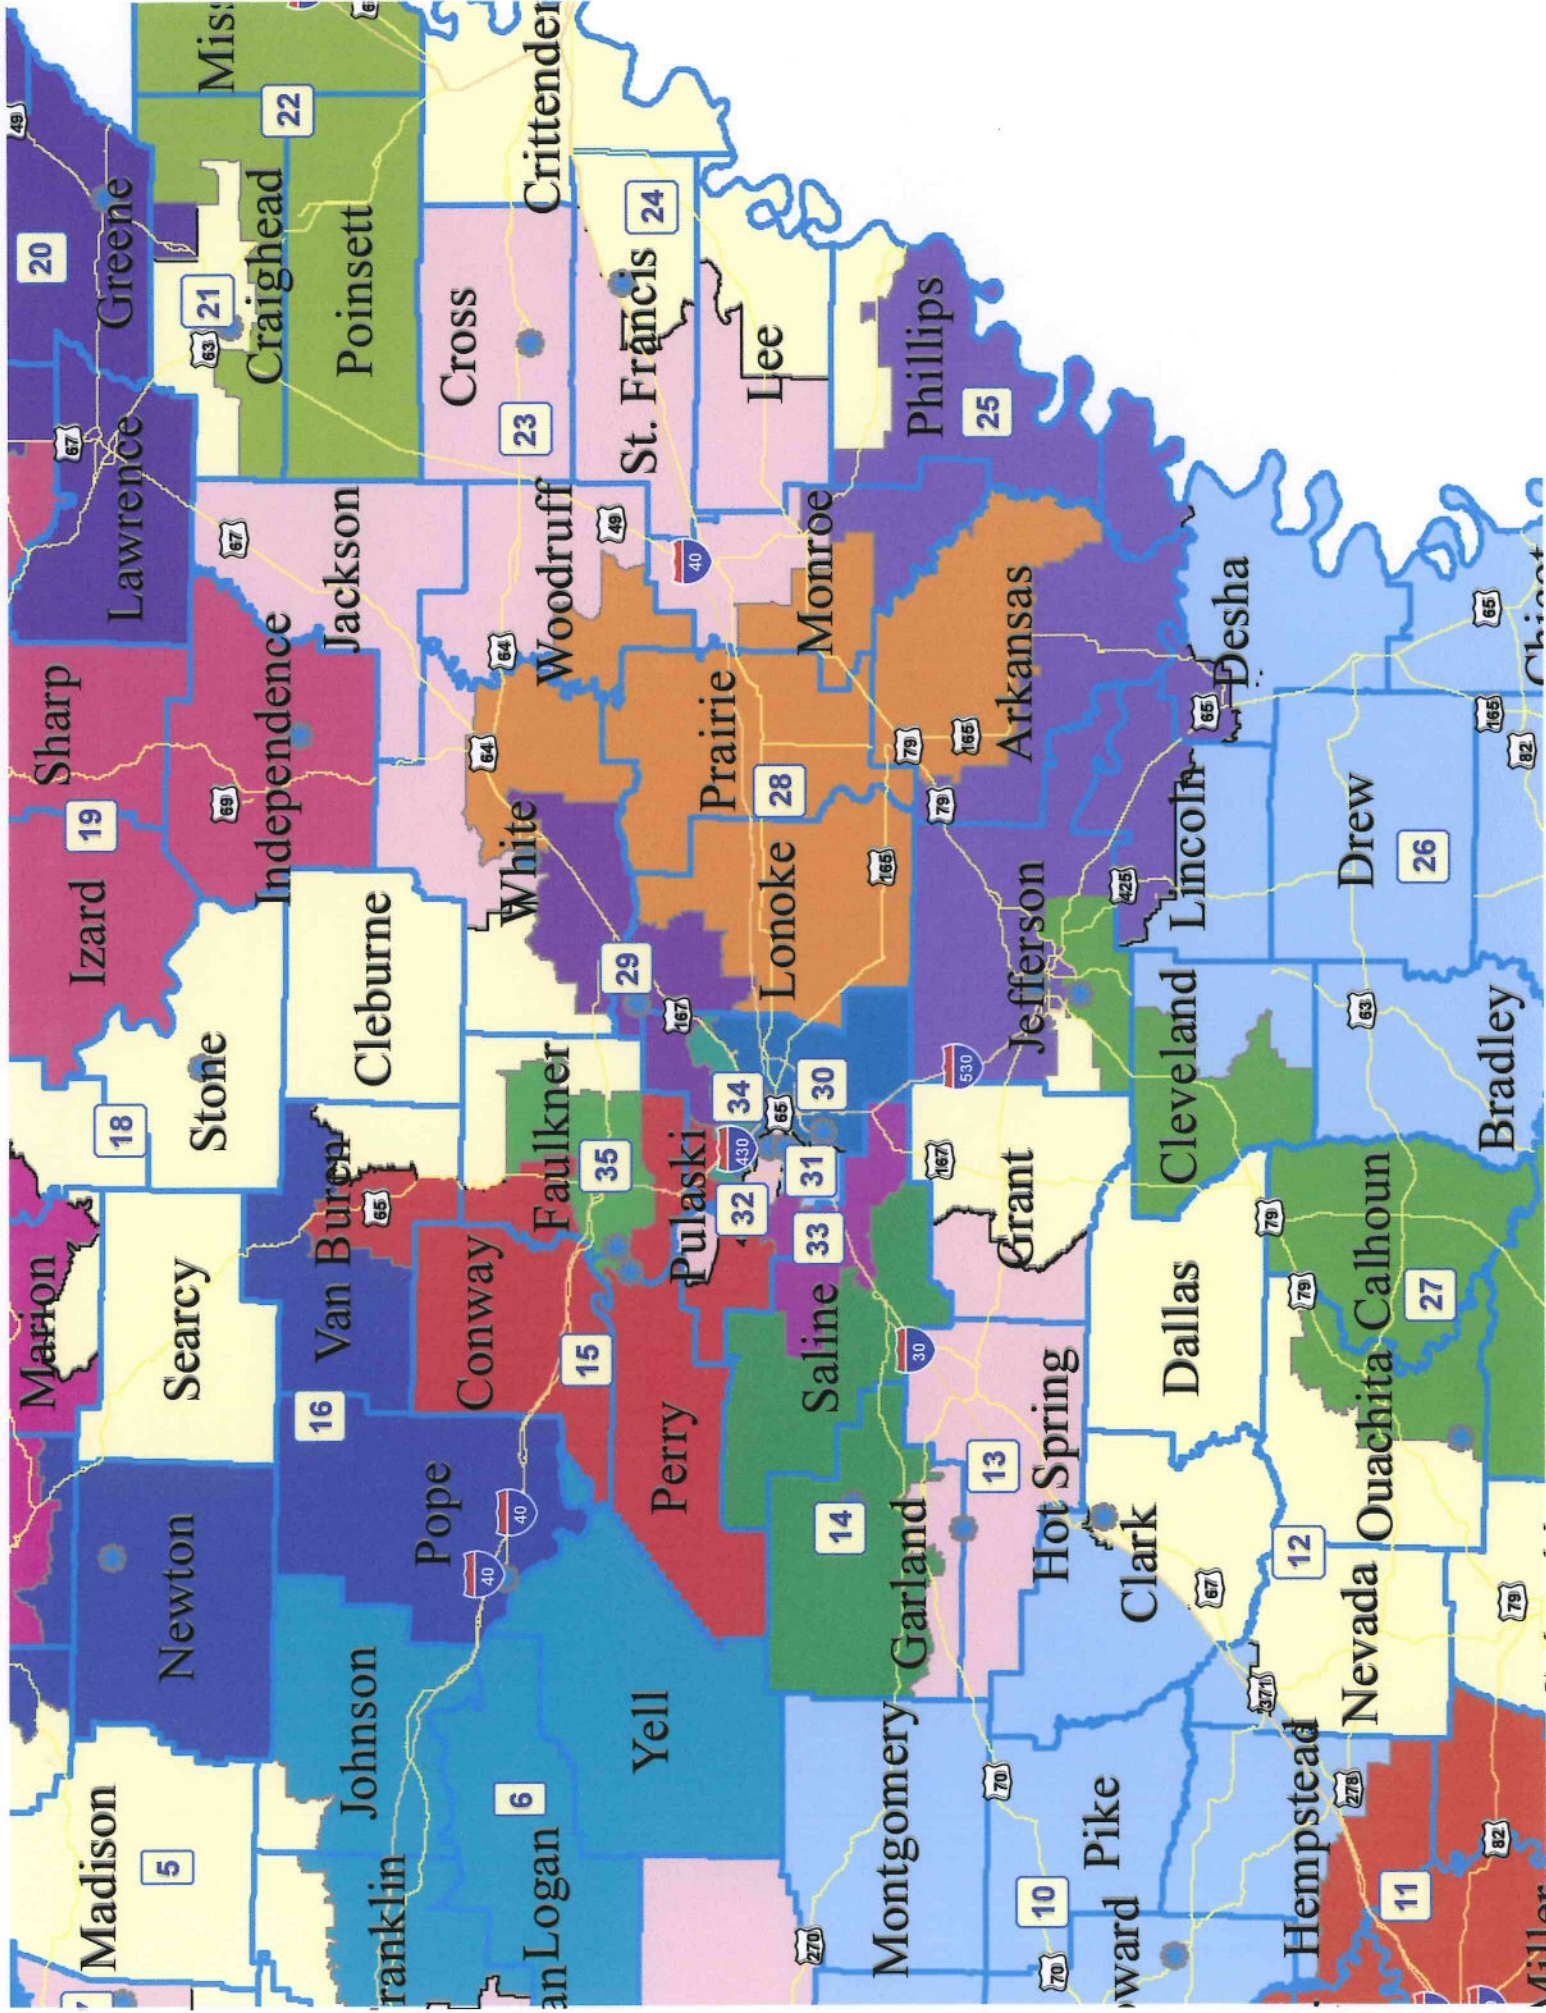

Dear Governor Beebe,

I think your redistricting plan for Senate District 28 is a great plan to preserve communities and political subdivisions. I fully support your redistricting plan of Senate District 28 and I like the fact that this plan will make district 28 primarily an agricultural district.

Sincerely,

A handwritten signature in black ink, appearing to be "Steve", written in a cursive style.

Dear Governor Beebe,

I am writing to you in support of your redistricting plan of Senate District 28. I like the fact that this plan will make district 28 primarily an agricultural district.

I think this is a great plan to keep communities of interest together and to keep the core of communities together. You have my full support on this plan.

Best regards,

2408-149-102 2.17
